PETWORTH'S FOURTH

Day's Programme Includes
Music and Athletics.

SPEECH-MAKING IN EVENING

Suburbanites Gather in Pretty Town
and Display Their Patriotism in
Usual Way, the Attendance Being
Large and the Programme One of
Most Exhaustive Ever Given.

Petworth and suburbs celebrated Independence Day with an all-day and night programme. It was under the auspices of the Petworth Citizens' Association. Field sports were under the directions of the Petworth Athletic Club. They were held at Grant Circle, and were witnessed by fully 1,000 persons. There were fourteen events on the programme, which included potato races, base running, three-legged races, etc.

Made Athletics Entertaining.
Those who had charge of the athletics were G. L. Gable, referee; judges, D. W. Bell, R. H. Garrett, and G. T. Clayton; timers, C. C. M. Loeffler, C. W. Lynch, A. B. Gleason; starter, G. M. Streib; clerk, Josh Carr; assistant clerk, C. W. Stanton; announcer, R. S. Jones; custodian, W. N. Cromwell; scorer, E. A. Finckel; assistants, Plason, Goddes, King, Thomas, Scott, Moores, and Collins.
At 2 o'clock a baseball game, which had been looked forward to for many weeks by the Petworth citizens, took place. This was a contest between married men and the Petworth Athletic Club Seniors, with G. T. Clayton as umpire. After an exciting struggle, the married men succeeded in winning the game by the score of 16 to 14. In the evening the patriotic exercises were held in the grove.

Songs and Band Music.
An elaborate programme, consisting of ten numbers, interspersed with songs by a trained chorus, accompanied by the Brightwood, Takoma, and Marine bands, was given. Dr. William A. Hagarty delivered the invocation and W. T. Andrews made the address of the evening. Miss Ida O'Neal sang a solo, and the benediction was pronounced by Dr. W. W. Logan. A display of fireworks said to have cost \$250 took place at 8 o'clock in the evening, and closed the day's programme.

ORGANIZATION IS DEFERRED.

The Adjournment of Congress Upset Plans for Association.

On the supposition that Congress would not adjourn prior to July 4, notices had been issued for a meeting at the office of the National Democrat, 100 Twelfth street northwest, to complete the organization of a national Democratic association. The meeting was to have been held yesterday, but absence of the fifty representatives who hold shares in the paper, and the rival divisions of the date, prevented a gathering, and further steps will be deferred until after Congress reassembles.

The association is intended to be a counterpart of the Republican auxiliary in Washington to State organizations and local clubs throughout the country, which has its headquarters in the Commercial Club building, in Lafayette place.

AMATEUR FLIERS MAY ENTER RACE

Aero Club Receives Offer
from Aviator Harmon.

It now seems probable that a sweepstakes aeroplane race by amateurs may be held within a few months between Washington and Baltimore, or between the Capital and New York City.

Dr. W. F. Zahn, secretary of the Aero Club of Washington, has been in communication with Clifford B. Harmon, who has been making some daring flights of late, and Mr. Harmon has agreed to get up a race in which amateurs shall participate.

According to Dr. Zahn, it will be possible for Mr. Harmon to secure several entries to the contest, thereby making it more interesting.

Will Fly for Trophies.

On the supposition that this contest is arranged no prize money will be offered. Amateurs are averse to entering their machines to compete for money prizes, and if prizes are given they must be in the form of trophies which the winners will take away with them. Dr. Zahn is just now confident that such a contest can be secured for some date this summer, or early in the fall. As yet nothing has been done in the premises beyond the expressed willingness of Mr. Harmon to find the entries for the race.

The project started some time ago to secure a flight between Washington and New York by offering a \$10,000 or \$20,000 prize has been practically abandoned.

Wright Brothers Silent.

It was found impossible to get any one to enter for the race except Glenn Curtiss, who made the flight from Albany to New York. Though the Wright brothers were communicated with several times they did not reply either to letters or telegrams, and it was found that by Curtiss alone, on the other hand, the project was given up. It is now thought probable that some good trophies can be secured for an amateur race, and the expectation is that arrangements will be made for the contest.

The local aero club will hold a business meeting on Wednesday, at which matters relating to the club will be taken up, and it may be that the proposition of Mr. Harmon will be discussed.

TRIES TO DIE IN CELL.

Prisoner Saved by Officers, Who Find Him Hanging.

Charles E. Wilson, held at the Eleventh precinct station on a charge of assault, attempted to end his life yesterday afternoon by hanging himself.

A handkerchief and a pair of suspenders were knotted about his neck and tied to a bar of the cell. He was found unconscious by Policemen Waters. After temporary treatment by Capt. Anderson, and Drs. Holbrook and Mundell, of Ambrosia, he was sent to Casualty Hospital. His condition is serious.

Wilson, who is twenty-six years old and a painter, was arrested on a charge of hitting Leon Nesbitt, aged twelve, while Nesbitt was riding a bicycle in Twining City.

INDIAN MISSION WORKERS.

Census Shows 147 Catholic Priests Laboring Among Aborigines.

Census statistics show that one Indian full-blood and two Italian noblemen are laboring as Catholic priests in missionary work among the Indians. The red man is a member of the Potawatomi tribe.

Altogether 147 Catholic priests are working among the Indian tribes of this country. One hundred and twenty-nine are doing missionary work, and the balance are instructors in non-reservation schools. A number are well known to the Jesuit communities in Washington.

The government's census shows also that forty-four of these missionaries are American-born, thirty-two are French, eighteen are English, nine are Canadian, nine are Belgian, nine are Italian, eight are Swiss, four are Austrian, three are Serbian, two are Hungarian, one is Scotch, one is and sixty are of other nationalities.

HATS IN ELEVATORS.

Removal of Headgear in a Public Conveyance Is Purely Optional.

Over the Legislative Center-Journal.
The report that Mr. Roosevelt peremptorily commanded a man in a London elevator to remove his hat—two women occupying the elevator at the time—moves the Chicago Record-Herald to inquire whether the command represented the degree of the anger that the other man had been removed out of courtesy to him or to the women. Says the Record-Herald: "The world still awaits a ruling—or a precedent—code—for the use of travelers in elevators. Is an elevator a room? If so, the hat should come off. Is the elevator merely an extension of the public sidewalk? If so, the hat may remain on. What appears to be the theory of the thing. Is it always a sliding theory, and the passenger is to consider the nature of the building and the character of its occupants?"

Assuredly an elevator is a public conveyance in which the passenger has no attitude of action that is permitted, by custom and by common consent, in a street car or on a railroad train. No man is compelled to remove his headgear in a public conveyance. The passenger is to consider the nature of the building and the character of its occupants.

ATTACKS INSANE PATIENT.

Guard Is Sentenced Who First Escaped by Forceful.

Walter Burrows, an attendant at the Government Hospital for the Insane, was given a six-months' sentence by Judge Aukam in Federal Court yesterday on a charge of assaulting Patrick Burns, an inmate of the asylum.
The charge was pressed by the hospital authorities after Burrows had escaped by forfeiting \$50 collateral.

ROBBERS ELUDE POLICE.

No Trace Found of Assaultants of Aged William Helmus.

No trace has been found of the thugs who, Saturday night, assaulted and robbed William Helmus at his store, 1213 Fourteenth street northwest. The first blow, struck from behind, so dazed Mr. Helmus that he could give no description of his assailants, how many there were or even whether they were white or black. Several negroes have been arrested, but Helmus is still at Emergency Hospital. Although seventy-five years old, he has rallied from his injuries well, and no serious results are looked for.

CHAUFFEUR BROUGHT BACK.

Commissioner Johnston a Complainant Against G. D. Beers.

George D. Beers, former chauffeur for Maj. Phillips, U. S. A.; Commissioner Johnston, and several other prominent officials, who was brought back yesterday by Detective Evans from Elkhardt, Ind., on an unpaid board bill charge, has been found to have developed tendencies along other shady lines, the police say, and was in consequence charged with obtaining money from automobile dealers by false pretenses.
A conference yesterday afternoon between Commissioner Johnston, Inspector Boardman, the detectives and the accused man brought out the fact that Beers had obtained about \$300 worth of automobile tires from the Rumph & West Co. and the National Electric Supply Company under pretense that they were for the machines of Commissioner Johnston. They were sold to a New York avenue firm for \$115. Beers was measured and photographed after his confession and sent to jail awaiting his appearance in Police Court this morning.

OLDEST INHABITANTS ELECT.

Officers Chosen and July 4 Programme Carried Out.

At the annual election of officers of the Association of Oldest Inhabitants at Carroll Institute Hall yesterday, Theodore W. Noyes was unanimously re-elected president of the association. The following is the list of the other officers, all of whom were elected: Vice-presidents, Benjamin C. Wright, Andrew H. Ragan, Fred L. Moore, Henry M. Dellinger, Jonathan C. Cathell, Albert George, William R. Smith, John T. Chaney, Charles S. Bundy, Harry E. Willard, A. P. Fardon, Nicholas Watkins, and Dr. B. W. Summey; recording secretary, Benjamin W. Reiss; corresponding secretary, John B. McCarthy; treasurer, Benjamin E. Barbour; financial secretary, John R. Mahoney; marshal, Andrew W. Kelley, and chronicler, T. V. Noonan.
Judge Charles S. Bundy, vice president, presided in the absence of President Noyes, and announced the death of two members, who died last month—S. Norris Thorne and John R. Sutton. Reports from the treasurer showed the finances of the association to be on a good basis. Upon completion of business, the Fourth of July programme was carried out, which began with the singing of "America." The Declaration of Independence was read by Harry O. Hall and "Hail, Columbia" was played on the piano by Prof. F. Elbner.
The address of the occasion, teeming with patriotism, was made by Rev. Charles A. Hannay, of St. Mary's Church, in which he made particular reference to the two new States just added to the Union. "The Star Spangled Banner" was played by Prof. Elbner and Fred E. Barbour gave recitation.

The committee in charge of the entertainment was composed of A. H. Ragan, Chaplain Brown, and T. Edward Clark.
